## **NIC Earns 14 Cents Per Share in First Quarter 2015; Revenue Growth Driven by Consistent Performance of Transaction-based eGovernment Services**

OLATHE, Kan. – May 4, 2015 – NIC Inc. (NASDAQ: EGOV), the dominant provider of official eGovernment services, today announced net income of \$8.9 million and earnings per share of 14 cents on total revenues of \$70.4 million for the three months ended March 31, 2015. In the first quarter of 2014, the Company reported net income of \$9.4 million and earnings per share of 14 cents on total revenues of \$65.4 million.

Quarterly portal revenues were \$65.9 million, a 7 percent increase over the first quarter of 2014. On a same-state basis, portal revenues were \$64.8 million in the current quarter, a 7 percent increase over the first quarter of 2014. Same-state, transaction-based revenues from Interactive Government Services (IGS) rose 12 percent over the first quarter of 2014, with same-state, transaction-based revenues from Driver History Records (DHR) up 5 percent due mainly to price increases in three states. Total same-state, transaction-based revenues (IGS and DHR) rose 9 percent in the current quarter. Same-state portal software development revenues decreased 23 percent as the Company cycled against a stronger quarter of project-based, time & materials revenues in the prior year quarter.

Current quarter revenues from the Connecticut portal, which launched in the second quarter of 2014, totaled \$1.1 million. Revenues from the legacy Arizona state portal contract, which expired on March 26, 2014, were \$0.8 million in the prior year quarter. Start-up costs from the pilot program with the Louisiana Department of Public Safety totaled \$0.3 million during the current quarter.

NIC's portal gross profit percentage was 37 percent in the current quarter, down from 39 percent in the first quarter of 2014, in part reflecting start-up costs from the Louisiana pilot and a temporary decline in gross profits of \$1.4 million attributable to the Texas portal due to a change in legislation effective March 1, 2015 that affected the process for vehicle inspections in the state and the timing of revenues associated with this service. The change in legislation resulted in a temporary decline in IGS transaction-based revenues from the vehicle inspection service totaling approximately \$0.7 million coupled with approximately \$0.7 million in non-recurring costs to transition the service to the new vehicle inspection process.

Software & services revenues were \$4.4 million in the current quarter, up 14 percent from the first quarter of 2014, driven by an increase in transactional revenues from the federal Pre-employment Screening Program and other payment processing services.

"Once again, I am pleased to see our business producing consistent results," said Harry Herington, NIC Chief Executive Officer and Chairman of the Board. "We are committed to developing efficient and secure online services that make government more accessible to businesses and citizens."

### **Operational Highlights**

Recently, two NIC subsidiaries signed new contracts to provide state eGovernment services. NIC's Oklahoma subsidiary, Oklahoma Interactive, LLC signed a new contract to manage the state's official government portal and provide self-funded eGovernment services. The contract includes renewal options which the state can exercise to extend the contract through April 2020. New Jersey NIC subsidiary, New Jersey Interactive, LLC, signed a new contract with the state to provide self-funded eGovernment services. The contract includes a five-year base contract with renewal options which the state can exercise taking the contract through May 2022.

During the quarter, two NIC subsidiaries received contract extensions. The Tennessee Division of NICUSA received a one-year contract extension from the State of Tennessee, and Alabama Interactive, LLC received a one-year extension from the State of Alabama.

## **First Quarter Earnings Call and Webcast Details**

On the call, the Company will discuss its 2015 first quarter, and answer questions from the investment community. The call may also include discussion of Company developments, and forward-looking and other material information about business and financial matters.

## **About NIC**

Founded in 1992, NIC (NASDAQ: EGOV) is the nation's leading provider of official government websites, online services, and secure payment processing solutions. The Company's innovative eGovernment services help make government more accessible to everyone through technology. The family of NIC companies provides eGovernment solutions for more than 3,500 federal, state, and local agencies in the United States. Forbes has named NIC as one of the "100 Best Small Companies in America" six times, most recently ranked at No. 36 (2014), and the Company has been included four times on the Barron's 400 Index. Additional information is available at <https://www.egov.com>.

## **Cautionary Statement Regarding Forward-Looking Information**

Any statements contained in this release that do not relate to historical or current facts constitute forward-looking statements. These statements include statements regarding the Company's potential financial performance for the current fiscal year, statements regarding the planned implementation of new portal contracts and projects under existing portal contracts, and

statements regarding continued implementation of NIC's business model and its development of new products and services. Forward-looking statements are subject to inherent risks and uncertainties and there can be no assurance that such statements will prove to be correct. There are a number of important factors that could cause actual results to differ materially from those suggested or indicated by such forward-looking statements. These include, among others, NIC's ability to successfully integrate into its operations recently awarded eGovernment contracts; NIC's ability to implement its new portal contracts and new projects in a timely and cost-effective manner; NIC's ability to successfully increase the adoption and use of eGovernment services; the possibility of reductions in fees or revenues as a result of budget deficits, government shutdowns or changes in government policy; the success of the Company in renewing existing contracts and in signing contracts with new states and federal government agencies; continued favorable government legislation; NIC's ability to develop new services; existing states and agencies adopting those new services; acceptance of eGovernment services by businesses and citizens; competition; the possibility of security breaches or disruptions through cyber attacks or other events and any resulting liability; and general economic conditions and the other important cautionary statements and risk factors described in NIC's 2014 Annual Report on Form 10-K filed with the Securities and Exchange Commission on February 24, 2015. Any forward-looking statements made in this release speak only as of the date of this release. NIC does not intend to update these forward-looking statements and undertakes no duty to any person to provide any such update under any circumstances.

Portal management	1,820	2,610
Total portal revenues	<u>\$ 65,914</u>	<u>\$ 61,482</u>

(1) The Company reclassified certain income statement employee benefit related expenses for the three-month period ended March 31, 2014 to conform to the 2015 presentation. The reclassification resulted in a reduction of selling & administrative expenses of \$1.1 million for the three-month period ended March 31, 2014 and a corresponding increase in cost of portal revenues. In addition, the reclassification resulted in a reduction of selling & administrative expenses as a percentage of total consolidated revenues of 2% for the three-month period ended March 31, 2014 and a corresponding decrease in portal gross profit percentage. The reclassification had no effect on total operating expenses, operating income, net income, earnings per share or cash flows.
